Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	 Stage 1 (Awareness & Registration)	 Stage 2 (Farm Management)	 Stage 3 (Monitoring & Support)
Actions <i>What does the customer do?</i>	- Learns about the system (through friends, internet, or local office). - Registers / logs in to the application. - Sets up farm details (land, crops, etc.).	- Adds crop and field information. - Records daily activities (irrigation, fertilizer, pesticide). - Manages inventory and expenses.	- Views reports and insights (crop health, expenses, yield). - Receives alerts and notifications (weather, irrigation, pest). - Contacts support if needed.
Touchpoint <i>What part of the service do they interact with?</i>	- Website / Mobile App - Registration page - Login dashboard	- Dashboard menu - Crop / Field management - Inventory & Expense section	- Reports section - Notifications / Alerts - Help & Support (chat/phone)
Customer Thought <i>What is the customer thinking?</i>	"Is this system easy to use?" "Will it be useful for my farm?" "Is my data safe?"	"Can I easily add and update my farm activities?" "Will it help me save time and cost?"	"Am I getting the right information?" "Will this really improve my yield and income?"
Customer Feeling <i>What is the customer feeling?</i>	- Curious - Hopeful - Slightly unsure	- Confident - Satisfied - Engaged	- Happy - Relieved - Motivated
Process Ownership <i>Who is in the lead on this?</i>	- User (Farmer) - System provides guidance (registration & setup)	- User (Farmer) - System (data processing, reminders, calculations)	- User (Farmer) - Support Team (if needed) - System (reports & alerts)

Phase of Journey	 Stage 4 (Renewal & Growth)	 Stage 5 (Expansion)	 Stage 6 (Long-term Loyalty)
Actions <i>What does the customer do?</i>	- Updates crop plans for next season. - Renews subscription (if any). - Explores new features.	- Connects with buyers / markets through the system. - Adds more fields or farms. - Uses advanced analytics and reports.	- Continues using the system long term. - Recommends to other farmers. - Provides feedback for improvements.
Opportunities <i>How can we improve this stage?</i>	- Send renewal reminders. - Offer new feature updates and training.	- Add marketplace integration. - Provide multi-farm management option.	- Loyalty offers / discounts. - Regular customer support and training. - Collect feedback for better service.
